

PROCEDURE INSTRUCTIONS: Transesophageal echocardiography (TEE)

- Nothing to eat or drink after midnight the night before the test.
- However, if you are an insulin dependent diabetic, you will need to eat something light within 4 hours of your test.
- **Please bring a licensed driver with you to drive you home.**
- You are not allowed to drive for 24 hours.
- Labs will be drawn typically two days prior to this procedure.
- You will see a Pre-Op nurse to review your past medical history and medications at this time as well.
