

PROCEDURE INSTRUCTIONS: TILT TABLE TEST

- Nothing to eat or drink after 12 a.m. midnight.
- Wear comfortable clothing and shoes.
- Bring a current list of all medications with you.
- **You must have someone to drive you home after the test.**
- You will be required to stand for approximately 40 minutes and also lay flat during this test.
- Upon arrival you will be sent to the lab to have blood drawn and an IV started.
- Follow any other instructions you are given by your physician.
